✱ Course Policies

Attendance

Good attendance is extremely important and is demonstrated by being on time and present for weekly class meetings, informing me in advance if you must miss class (or as soon as possible in an emergency), and communicating with me regarding make-up assignment opportunities.

Participation

Class participation involves raising or answering questions and commenting during class discussions. Your contributions should reflect your personal opinion, experience, and knowledge, and should be meaningful, respectful, and aim to motivate and engage others in a collaborative effort.

Assignment Submissions

Each week of the course runs from Monday to Sunday, with assignments becoming available in the Canvas Modules area on Monday. All assignments should be submitted through the Canvas Modules area (not the Inbox or through email). Format and submission guidelines will be provided within each assignment.

Late Work & Extension Policies

Your posts should feature proficient writing, correct spelling, and mechanics. We judge one another substantially by the quality, clarity, and depth of our writing. Communication should be professional and use good netiquette.

1. Any late assignment will be subject to 10% reduction in grade if not posted by 11:59 p.m. PST on Sunday following the Tuesday evening class. Any delay more than a week will get an "F" grade.
2. Late assignment submissions will only be accepted when arranged with me before the due date posted on Canvas.
3. Technological issues are not considered valid grounds for late assignment submission. In the event of UCLA server outage, students should email/submit assignments to the instructor and when systems are restored, submit those assignments according to syllabus instructions. Unless an incomplete grade has been granted, student assignments submitted after the last day of class will not be accepted.

Academic Integrity

All work submitted in each course must be the student's own. The submission of another person's work without properly citing the source will be considered plagiarism and will result in an unsatisfactory grade for the work submitted or for the entire course

Grading Policy

Grades will be posted within seven days of the due date. If you have a question about your grade, please contact me immediately. I will respond to inquiries within 48 hours.

Planning Your Study Time

This course is 11 weeks long and 4 credit units. To plan your study time, it is estimated that you will spend about 9 hours per week reading, researching, engaging in course discussion activities, and completing assignments. Depending on the extent of your academic preparation and experience with the topics, the amount of study time needed may vary considerably.

Institutional Policies

Student Conduct

Students are subject to disciplinary action for several types of misconduct or attempted misconduct, including but not limited to academic dishonesty, such as cheating, multiple submission, plagiarism, or knowingly furnishing false information to the University; or behavioral misconduct, such as theft or misuse of the intellectual property of others, harassment, or disruption of the learning environment.

All published and unpublished material, whether in manuscript, printed or electronic form, is covered under this definition and includes the use of material generated wholly or in part through the use of artificial intelligence (except when the use of AI has received prior authorization for assessment as a reasonable accommodation for a student's disability, or when the use of AI is a specified part of the coursework, e.g. data science or user experience). Students are encouraged to familiarize themselves with the Student Rights & Responsibilities Policy (https://www.uclaextension.edu/student-services/rights-and-responsibilities) and to report concerns.

Services for Students with Disabilities

In accordance with the Americans with Disabilities Act of 1990, UCLA Extension provides appropriate accommodations and support services to qualified applicants and students with disabilities. These include, but are not limited to, auxiliary aids/services such as sign language interpreters, assistive listening devices for hearing-impaired individuals, extended time for and proctoring of exams, and registration assistance. Accommodations and types of support services vary and are specifically designed to meet the disability-related needs of each student based on current, verifiable medical documentation. Arrangements for auxiliary aids/services are available only through UCLA Extension's Service for Students with Disabilities Office at (310) 825-7851 or by email at ODS@uclaextension.edu. For complete information, please visit Accessibility and Disability Services (https://www.uclaextension.edu/enrollment-and-support/accessibility-and-disability-services).

Incompletes

The interim grade Incomplete (I) may be approved for a student who has completed the majority of the course requirements, with passing quality (grade C or higher), but is unable to complete a small portion of the coursework by the course end date for good cause. For courses in which an Incomplete may be allowed, approval by the instructor of record and the academic program director is required. The Incomplete grade is not an option for courses that do not bear credit, such as 700, 800, or 900-level courses.

- It is the student's responsibility to petition for an Incomplete by emailing the appropriate academic program department (https://www.uclaextension.edu/contact-ucla-extension) at least one week before the end of the course. The Program Department will initiate the petition process once the email is received.
- The student, the instructor, the CE/Program Director, and the program staff must complete the petition prior to the final course meeting or before the quarter end date (https://www.uclaextension.edu/calendar). This process can take up to one week to complete.
- The instructor will approve or deny the request. The instructor will provide details on what the student needs to accomplish in order to complete the course, as well as a due date for submitting completed work. The due date cannot exceed the end of the ensuing quarter (https://www.uclaextension.edu/calendar) when a final grade must be reported or the Incomplete lapses to the grade "F," "NP," or "U." Visit UCLA Extension Grading Scale (https://www.uclaextension.edu/transcripts-credits-grades/grading-scale) for more information.

An Incomplete allows the student to complete only work that is outstanding and does not allow prior completed work to be retaken or resubmitted.

All Grades are Final

No change of grade may be made by anyone other than the instructor, and then, only to correct clerical errors. No term grade except Incomplete may be revised by re-examination. The correction of a clerical error may be authorized only by the instructor of record communicating directly with personnel of Student and Alumni Services.

Sexual Harassment

The University of California is committed to creating and maintaining a community where all individuals who participate in University programs and activities can work and learn together in an atmosphere free of harassment, exploitation, or intimidation. Every member of the community should be aware that the University prohibits sexual harassment and sexual violence, and that such behavior violates both law and University policy. The University will respond promptly and effectively to reports of sexual harassment and sexual violence, and will take appropriate action to prevent, to correct, and when necessary, to discipline behavior that violates our policy.

All Extension students and instructors who believe they have been sexually harassed are encouraged to contact the Department of Student and Alumni Services for complaint resolution: UCLA Extension, 1145 Gayley Ave., Los Angeles, CA 90024; Voice/TTY: (310) 825-7031.
